JOAQUINA SALGADO

SELECTED WORKS 2024–2026

Berlin-based media artist from Argentina working at the intersections of technology, philosophy and more-than-human worlds. Interactive installations, video games and audiovisual performances shaped by internet culture, probing how perception, agency and collective experience are built through algorithmic systems.

Nostalgia is the Extended Feedback

2025 · VIDEO GAME INSTALLATION · CUSTOM INTERFACES, CRT SCREENS, INFLATABLES

A slow, atmospheric videogame suspended between dream and digital residue: a flooded world of luminous eggs and half-remembered interfaces, where aesthetics refuse to be efficient and linear and instead fold and unfold like tides.

Solo show, SOMA Art, Berlin · curated by Nabi Nara · short film at Azur Gallery, Berlinale 2026

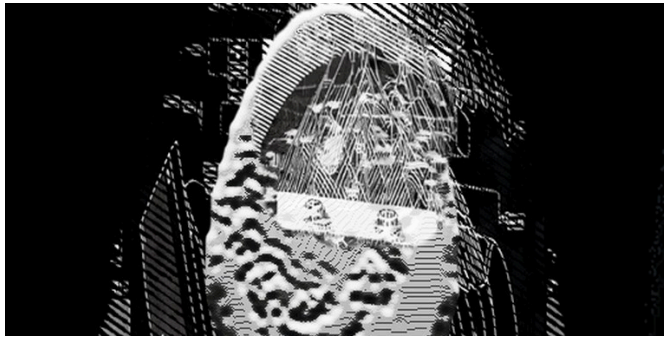

Avispish

2023 / 2025 · MULTI-SCREEN INSTALLATION · FACIAL MOTION CAPTURE

Animated heads built from facial capture data, turning a surveillance tool against itself. Born from conversations with three women subjected to police violence, later expanded with Global South women artists into a group of beings outside linear time.

Metronom, Modena · Centro Cultural Kirchner, Buenos Aires · INHERITED, Atelier Mondial, Basel

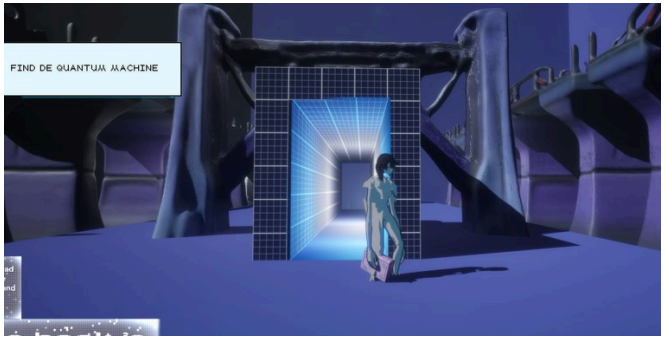

One More Sim

2026 · WEB VIDEO GAME

A memory simulator of nine porous worlds where memories become simulations.

Commissioned by Vienna Digital Cultures · Sybil, Berlin

To the Best of Our Knowledge

2025 · VIDEO GAME

World-building through quantum computing theories: speculative scenarios built with physicists at the Ikerbasque Material Physics Center.

Immaterial Festival, Tabakalera, San Sebastián

Diver: Unidad-Δ

2026 · SCULPTURE & CUSTOM INTERFACE

A diving helmet as controller: a body-machine built for a speculative descent.

Azur Gallery, Berlin
